

10 reasons to choose

Biddle

No.1 priority

Our customers are No.1 priority. From a specific product to a complete climate control solution, we make it our business to get to know your business. We're your partner throughout the entire process, to deliver a solution that meets your exact requirements.

Solutions partner

We work in partnership with our customers and their contractors at every stage, from planning and design, to implementation and ongoing performance monitoring.

Products Made to last!

Every one of our products is 'engineered to last' and built around technologies that maximise efficiency and minimise energy consumption.

Innovative Technology

The name Biddle is synonymous with innovation. Over the years we have pioneered a range of ground-breaking, patented technologies.

90 years experience

We have been delivering innovative climate solutions in the field of heating, ventilation, cooling and climate separation for the past 90 years.

International operations

With manufacturing bases and sales offices in Europe and Canada, we can deliver tailored solutions to customers internationally and across North America.

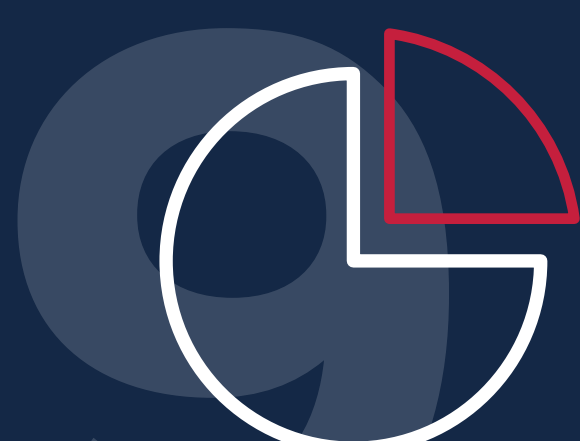

Exacting standards

Quality in everything we do. From the design and manufacture of our products, through to the speed of their delivery and responsiveness of our aftersales service.

Environmentally Responsible

Sustainability and responsible environmental management are key considerations in everything we do.

Sector Specific Solutions

Every solution is bespoke and our team provide the expertise to deliver the solutions specific to your sector, from retail to education, healthcare to large commercial spaces through to logistics, manufacturing and the food industry.

You're covered

Support and technical back-up are provided by a team of experts who are skilled in delivering solutions specific to each customer's requirements.
